

Rack Systems

DESCRIPTION

Davis Legend has developed the SFRAME™ open rack, which can meet your requirements for devices placement and cable management at a very reasonable price. Moreover, it is designed with features of professional high-strength steel or aluminum construction, quick and convenient assembly, easy device installation, and black electrostatic surface treatment for long lasting visual appeal. This makes the SFRAME™ rack the ideal option for you.

FEATURES

Rugged construction

The numbered marks make the installation process become easier and faster no matter where you start.

Steel, 4-post, square hole

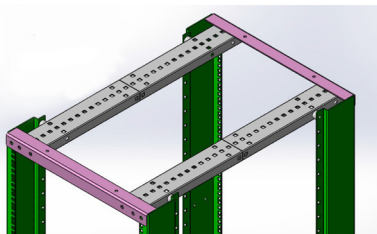

SPECIFICATIONS

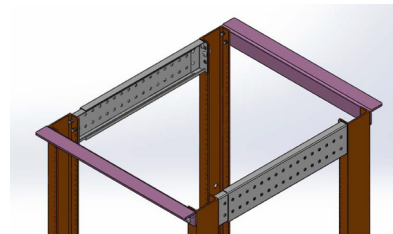

- 19-inch mounting width suitable for most networking equipment
